Story Telling

When teachers tell stories, kids can explore new ideas and characters. It helps them understand important lessons, like being kind or working together. Storytelling also lets kids practice listening and speaking, and they can even make up their own stories to share with others.

World Read Aloud Day

World Read Aloud Day is a fun day when people everywhere read stories out loud! It's a great time to listen to fun books, share stories, and learn new things. Reading aloud helps everyone get better at reading and have fun with words. So grab a book, find a friend or family member, and enjoy reading together!

Reading Stories

Reading Day at school is a fun day where kids get to read their favorite books. Everyone picks a book they like, and sometimes the teacher reads a story to the class. Kids might also swap books or dress up as their favorite characters. It's a special time to enjoy reading and have fun with friends!

"Empowering Minds, Inspiring Hearts, Shaping the Future"

"تمكين العقول، إلهام القلوب، تشكيل المستقبل"

Energy Day

Energy Day at school is a fun day where kids learn about how we use energy. They find out how things like lights and cars need energy to work. There are fun games and activities to help kids understand how to save energy and take care of the Earth. It's a fun way to learn about using energy smartly!
